IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

**Convulsions
Altered vision**

**Eye or muscle twitching
Involuntary movements**

**Loss of awareness
Disorientation**

- To reduce the likelihood of a seizure when playing video games:
 1. Sit or stand as far from the screen as possible.
 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

Game Types

There are two Multiplayer game types to choose from: Death-Match, where the highest frag score wins the game, and AllSpark Sports.

Creating/Joining a Game

From the Main Menu, select **Multiplayer**. You may now choose to Host or Join a local Wireless Multiplayer game. Select **Host Game** to set up your own game and set your own game parameters, or select **Join Game** to search for local games and join a friend's game.

When you are ready to start your game, choose **Start Game** from the Host Screen.

Joining a Game

Select **Set Ready** when you are ready for the game to begin.

NINTENDO WI-FI CONNECTION

Nintendo Wi-Fi Connection allows multiple players to compete in AllSpark Wars, an online TRANSFORMERS battle. To enter the Nintendo Wi-Fi Connection Setup screen, select **AllSpark Wars** from the Main Menu and select **Wi-Fi Setup**.

Battle for the AllSpark

Every day AUTOBOTS and DECEPTICONS battle over a fragment of the AllSpark. By connecting to Nintendo Wi-Fi Connection, you will be able to help your fellow DECEPTICONS win control of the AllSpark. Each daily battle corresponds to a challenge mission you complete offline and then upload your results to the War Center game server. Your contributions to the battles will be rewarded with Wi-Fi Tokens that will unlock new game content.

(For more information on the Battle for the AllSpark, visit www.transformersgame.com/ds.)

Nintendo Wi-Fi Connection allows multiple owners to play together over the Internet — even when separated by long distances.

- To play Nintendo DS™ games over the Internet, you must first set up the Nintendo Wi-Fi Connection (Nintendo WFC) on your Nintendo DS™ system. Please see the separate Nintendo Wi-Fi Connection Instruction Booklet included with this game for directions on setting up your Nintendo DS.™
- To complete the Nintendo WFC setup, you will also need access to a PC that has a wireless network connection (such as a wireless router) and an active broadband or DSL Internet account.
- If you do not have a wireless network device installed on your PC, you can order a Nintendo Wi-Fi USB Connector (sold separately) directly from Nintendo. See the separate Nintendo Wi-Fi connection Instruction Booklet for more information.
- Nintendo Wi-Fi Connection game play uses more battery power than other game play. You may prefer to use the AC Adapter to prevent running out of power when using the Nintendo Wi-Fi Connection.
- You can also play Nintendo WFC-compatible games at selected Internet hot spots without additional setup.
- The Terms of Use Agreement which governs Nintendo Wi-Fi Connection game play is available in the separate Nintendo Wi-Fi connection Instruction Booklet or online at www.nintendowifi.com.

For additional information on the Nintendo WFC, setting up your Nintendo DS™ or a list of available Internet hot spots, visit www.nintendowifi.com (USA, Canada and Latin America) or call 1-800-895-1672 (USA/Canada only).

During wireless game play, if communication seems to be affected by other electronic devices, move to another location or turn off the interfering device. You may need to reset the power on the Nintendo DS and start the game again.
